# NEW ZEALAND BOASTS YOUTH, 27, AS GENERAL

[By Associated Press]

WELLINGTON, New Zealand, July 10. (By Mail.)—The meteoric military career of B. C. Freyberg, West Surrey (English) regiment, winner of the Victoria Cross and the badge of the Distinguished Service Order, is a subject of congratulation in Wellington, where he was born, and in all New Zealand. It is summed up in official notices that Lieutenant Colonel Freyberg recently was promoted to the rank of brigadier general for services in the field. As he is only twenty-seven years old he is probably the youngest brigadier general in the British Imperial forces. He is a son of the late James Freyberg, government timber expert in New Zealand. He was one of the best swimmers in New Zealand. At the beginning of the war he went to England and enlisted in the West Surrey regiment. Later he was in the Allied defense of Antwerp, serving with the British marines. He was wounded and returned to England, but he recovered in time to take part in the initial Allied military and naval descent upon the Gallipoli peninsula. According to an official statement he displayed conspicuous gallantry on April 25 during the landing operation in the Gulf of Xeros, when he swam ashore towing rafts with flares, and reconnoitered the enemy's position. He was in the water more than two hours. By this feat of daring and swimming he diverted the attention of the Turks from the actual place of landing. For this he was awarded the Distinguished Service Order badge.

At the battle of the Ancre he was the hero of the highly successful attack by the Victoria Cross for personal gallantry in carrying an attack through the enemy's front system of trenches. During the advance he was twice wounded. He again rallied and reformed all who were with him and although unsupported in a very advanced position he held his ground for the remainder of the day and night under heavy artillery and machine gun fire. When reinforced on the following morning he organized the attack on a strongly fortified village, led the assault and captured the village and 500 prisoners. In this operation he was again wounded. This enabled the advanced objective of the corps to be permanently held, and on this point of approach the line was eventually formed.

When in New Zealand Brigadier General Freyberg was known among his intimates by the nickname "Tiny."

# WARM WEATHER HITS CALIFORNIA CITRUS FRUITS

[By Associated Press]

SACRAMENTO, Cal., July 14.—Citrus fruits have suffered severely because of unusually warm weather this year, according to the new fruit crop estimate of the state commission of horticulture, prepared by Chief Deputy George P. Weldon. The outlook for the orange crop is placed at 52 per cent, without taking into account any injuries which might happen to the citrus fruits later.

San Bernardino and Riverside counties, two extensive producers of this kind of fruit, are credited with a 20 per cent orange outlook. In Los Angeles there is a 75 per cent prospect. Ventura reports 30 per cent and Orange 90 per cent. Conditions in other important orange counties are: Butte 70 per cent, Fresno 25 per cent; Glenn 98 per cent, Placer 100 per cent, Sacramento 50 per cent, San Diego 80 per cent, San Joaquin 100 per cent, Santa Barbara 100 per cent, Stanislaus 95 per cent, Tehama 100 per cent, Tulare 90 per cent, Yuba 90 per cent.

Figures for the lemon crop run about the same as those for oranges. Olive crop prospects are different. In the Sacramento valley a 100 per cent crop is looked for. Los Angeles, on the contrary, shows an outlook for but 25 per cent.

State averages for various tree crops are as follows: Almonds 65 per cent, apples 85 per cent, apricots 45 per cent, figs 97 per cent, lemons 50 per cent, plums 43 per cent, walnuts 70 per cent.

The quantity of domestic fuller's earth marketed in the United States in 1916 was 67,822 short tons, valued at \$708,551, or at \$10.42 a ton at the mine.
